July 3, 2006

Dear Valued AmSan Customer:

Today I have the pleasure of announcing that on July 3, 2006, AmSan was officially acquired by Interline Brands, Inc. (Interline). Interline is a leading distributor and direct marketer of a broad range of maintenance, repair and operations products. Interline is based in Jacksonville, FL with distribution centers throughout the United States, Canada and Puerto Rico. Interline is a publicly traded company on the New York Stock Exchange (NYSE: IBI) and in 2005, achieved revenues of approximately \$859 million.

We are very excited about the strategic "fit" that AmSan provides Interline. Interline goes to market through nine distinct marketing entities which they refer to as "Brands". AmSan will become Interline's brand specifically targeted at the Jan-San industry. This is one of the things we like most about the combination with Interline. It will allow AmSan to maintain its brand identity and from your perspective, as a valued AmSan customer, very little will change.

Essentially, you will see "business as usual" with your local AmSan office. You will contact us on the same phone numbers, you will speak with the same people and you will receive the same quality services and products you've come to rely upon.

We are very excited to become a member of the Interline family of brands. Interline is a large, financially sound company with significant technology, logistic and customer service resources that will only strengthen AmSan's ability to service our customers.

To learn more about Interline, you may visit their web site. The web address is www.interlinebrands.com. For additional information regarding AmSan, please visit www.amsan.com.

Regards,
